Enduro Flat Mop Frames

When fitted to either the Enduro extension or Enduro spray mop handle, the lightweight flat mop frame is easy to manoeuvre and store, offering the perfect all-in-one mopping solution.

- Lightweight aluminium frame
- Hook & loop backing strips for easy pad changes
- Swivel mechanism for ease of cleaning
- Locking tab on swivel head for ease of control when cleaning vertical surfaces and ceilings

Edco

Enduro Spray Mop Handle

Holds up to 600ml of cleaning solution within the handle. Cleaning solution is easily released at the base of the handle at the press of a button.

The Enduro spray mop handle offers an all-in-one mopping solution for both professional and domestic users.

- Ergonomic handle + comfort grip
- Fluid level indicator in the side of the handle
- Unscrew the ball-shaped handle cap to refill water + cleaning solution (600ml capacity). Use a jug or Edco 1L spray bottle (41308) for ease of pouring. Refit handle cap to complete
- Simply push the blue button on top of handle to release fluid onto the floor. Ensure water outlets are facing the floor before pressing the button
- Fits 27200 + 27201 Enduro aluminium flat mop frames (pictured with 27200 + 27215)
- Compact storage - fits 11800 universal holder for wall mounted storage
- Dimensions: L1400mm x Ø29mm (Ø59mm at the handle collar)

The Edco logo is a blue curved banner with the word "Edco" in white, bold, sans-serif font.

Enduro Extension Handle 1.5m

The image shows two Enduro extension handles. One is fully extended, showing a long silver aluminum tube and a black ergonomic grip. The other is partially extended, showing the black grip and the top section of the silver tube. Both handles have a blue and white label near the grip.

Offering a range of lengths from 840mm to 1500mm when fully extended, the Enduro extension handle is ideally paired to the Enduro flat mop frame for mopping applications or to the Edco swivel pad holder for other cleaning applications.

- Ergonomic handle grip
- Fits 27200 and 27201 Enduro aluminium flat mop frames + 18117 Edco scourer pad holder with swivel fitting
- Compact storage - fits 11800 universal holder for wall mounted storage
- Dimensions:
 - Shortest position:
L842mm x Ø22.25mm (lower tube section)
Ø33mm Grip (Ø59mm at the handle collar)
 - Fully extended:
L1500mm x Ø22.25mm (lower tube section)
Ø33mm Grip (Ø59mm at the handle collar)

Edco

Quick Use Microfibre Mop Pad

Use pad with Edco logo facing upwards

Designed for single use and high frequency pad change applications. Use pre-soaked or dry for dusting.

Pad edges are ultrasonically cut to prevent linting. Polyester scrub stripes to aid removal of dirt and bacteria, without the pad gripping to the floor surface.

- Lightweight, quick-use microfibre pad for dusting, quick cleaning or infectious area cleaning (single use)
- Fits to 27204 cushion pad or directly to 27200 Enduro aluminium flat mop frame – hook & loop style for easy pad change
- 100% microfibre (80% polyester/20% polyamide)
- Floor coverage 15 - 20 square metres*

Microfibre Cleaning

Benefits of Edco Microfibre mop pads:

- Excellent cleaning performance. Thousands of microscopic fibres are positively charged when cleaning to trap and remove dirt and bacteria
- Super absorbent
- Controlled water and chemical use by pre-soaking pads
- Infection and cost control: single use pads remove bacteria which is then disposed of, removing cross contamination risk and eliminating laundering costs
- Enduro microfibre pads are heavy duty, long lasting and machine washable*

*Wash counts and mop floor coverage figures are provided as a guide only. Factors such as chemical use and floor surfaces may have an impact on figures quoted.

Mopping Technique

Pre-soaking Quick-Use Pads

x 25 pads

Pour 1.5 litres of water/cleaning solution mixture into an Edco 9L bucket. Fold a bundle of 25 x Edco Quick-Use pad and place into the bucket on their side and wait 5 minutes for the pads to soak.

After 5 minutes, flip the pads to the other side and allow to soak for a further 5 minutes. Your Quick-Use pads are now pre-soaked and ready for mopping.

Mopping Technique Pre-soaking Enduro Microfibre Pads

x 6 pads

Place 6 x Edco Enduro pads into an Edco 11L All-Purpose bucket on their side. Pour 1 Litre of water and cleaning solution mix onto the pads and allow to soak for 5 minutes.

Flip the pads to their other side and wait another 2 minutes to soak completely. Your Enduro pads are now pre-soaked and ready for mopping.

Mopping Technique

****Always vacuum or dust mop floors before mopping***

Push mop to the back of the room without lifting off the floor.

Mop back towards the entrance in an s-shaped motion.

Start mopping at the entrance of the room to be cleaned.

Additional Accessories
